

CFM Local 820 MUSIC PERFORMANCE FUND (MPF)
APPLICATION

Use this form to present a proposal for a project or to notify us that you are interested in performing for school and public concerts in Newfoundland and Labrador.

ALL MPF concerts must be free admission public or educational events. You do not have to be a member of the AFM to perform for an MPF event, so groups made up of members and non-members are acceptable. Each MPF event must have a sponsoring organization or school that provides a portion of the required funding, which MPF will then match. MPF will match up to 25% of total cost of a public concert, and up to 50% of a school concert or an event involving student performers. Because our Local's allocation is small and we would like to see these funds spread as widely as possible, please be reasonable in your request for funding. Performers for MPF events are paid scale wage plus travel costs. Payment is sent to the sponsor directly from New York. Please contact us if you have any questions about this programme.
